2nd Quarter FY2024 Financial Reports

Submitted By: Ryan Byrne, CFO

2/22/2024

The second quarter financial statement of FY 2024 has been completed. SMART's balance sheet remains stable. As compared to second quarter FY2023, FY2024 total assets for the same period are 4.3% higher. The key individual asset that supports the asset increase is Cash and Cash Equivalents, due to additional efforts to collect grants receivable more timely. Total second quarter FY2024 liabilities (excluding pension and OPEB) are down 3.7% as compared to second quarter FY2023. This overall liability decrease is largely a result of the timing of payments on the Authority's accounts payable. The net asset unrestricted balance remains positive, meaning the authority maintains a surplus of assets over liabilities.

Second quarter FY2024, overall revenues compared to FY2024 overall appropriation is below target by approximately 16.27% or \$14.8M. Fare revenue remains lower than pre pandemic levels, as a result of lower ridership. State reimbursements were lower than budget as a result of lower eligible expenditures.

Second quarter FY2024, overall actual expenditures compared to FY2024 appropriation for the same time period are currently 25.77% below FY2024 appropriation. Fixed route costs, as well as connector and general administration personal services costs (wages and fringes) are down as compared to current appropriation. This trend is largely due to open fixed route and connector bus positions, and reduced service miles as compared to pre pandemic levels.

I will be available to answer any questions regarding this report at the Board's convenience.
